ARTICULATING BOOM LIFT

JLG[®]

THE LARGEST ARTICULATING BOOM LIFT ON THE MARKET

Key Features

- **SUPERIOR REACH**

Work envelope is over 40,000 cubic meters bigger than competitors, providing largest working outreach in the industry while class-leading capacity allows for more materials to the work area

- **MORE PRODUCTIVITY**

Faster lift speeds mean operators spend more time working and less time positioning

- **EASILY TRANSPORTABLE**

No over-size permit required for transport and fits on a standard flatbed trailer

Key Specs

- Working height 48,15 m
- Working outreach 23,55 m
- Platform capacity(unrestricted) 450 kg
