

MATERIAL HANDLING ARM ATTACHMENTS

Increase the Versatility of Your Telehandler

The JLG® Material Handling Arm is three-way adjustable to allow your machine more movement and versatility, adding to jobsite productivity and efficiency. The Material Handling Arm is excellent for various industries, including: construction, civil engineering applications, contractors and the rental industry.

Features and Benefits Include:

- Optimized versatility with telescoping capabilities in three locked positions
- Maximize efficiency with multiple lift points to handle different load lengths and weights
- Reliable operation with manual arm extension and retraction

Current Production Material Handling Arm - Order Through JLG Aftermarket or New Machine Sales
