

# LARGE MATERIAL RACKS ACCESSORIES

## Transport Materials with Ease

Large Material Racks for JLG® LRT and RT Scissors offer operators an organized way to transport sizable materials around the jobsite.

Materials that are contained and kept in order during the workday help to reduce trip hazards, increase operator safety and promote productivity.

### Features and Benefits Include:

- Durable nylon straps hold material in place
- Foldable cradle accommodates both pipe and cladding applications
- Extendable arms for loading wide panels
- Fixed deck footers slide to allow extension deck to extend or retract with the device installed
- Max material capacity of 860 lbs (reference capacity decal or operator manual for detailed specifications)
- Ability for 2 operators to work within the platform when using the rack

### Supports the Following Materials:

- Fire suppression, general HVAC piping
- Framing, trim and molding
- Drywall
- Lumber and rebar
- Gutters and spouting

### Ideal for:

General Construction • HVAC • Plumbing • Fire Suppression • Electrical Work • Gutters and Spouting
