

SHEET MATERIAL HANDLER ATTACHMENT

New Sheet Material Handler Available for JLG® Telehandlers

Increase the versatility of your telehandler with the new sheet material handler. This attachment is the ultimate solution for picking and placing sheetrock, drywall, plywood, greenboard, and other sheet materials at the job site. The sheet material swing carriage positions sheet material in entry points and windows at the proper angle, ensuring it can be handled and placed more efficiently.

Features and Benefits:

- Coupler mounted attachment
- 3,000 lb. maximum capacity
- 72 in. maximum fork spread
- 100-degree horizontal tilt
- 180-degree swing capability
- 22 in. maximum load width
