FACTORY-CERTIFIED SCISSOR LIFTS

THE CERTIFICATION PROCESS

At JLG, our certification process is designed to ensure that every used scissor lift we certify meets stringent quality and safety standards. Here's what you can expect:

JLG FACTORY-CERTIFIED SCISSOR LIFTS

- New paint and decals
- New upper and lower control cables
- New tire and wheel assemblies
- New batteries, boxes, and covers

INITIAL INSPECTION

A thorough assessment of the lift's condition.

REFRESHED LOOK

Decal updates to meet current safety standards, and a fresh coat of paint.

COMPREHENSIVE TESTING

Rigorous performance testing to ensure optimal operation.

FINAL CERTIFICATION

Every machine leaves a JLG facility with a completed, authorized annual inspection.
