

JLG® PRODUCT ANNOUNCEMENT

NORTH AMERICA

May 20, 2025

ES1330M AND ES1530M JOIN MICRO-SIZED FAMILY OF SCISSOR LIFTS

The new **JLG® Micro-sized Scissor Lift Series** is your compact, lightweight and maneuverable option to **achieving peak productivity** on the evolving job sites of today. And now, the **compact and maneuverable** lightweight models - ES1330L and ES1530L - have joined the micro-sized family.

The newly rebranded **ES1330M** and **ES1530M** offer all the benefits of a JLG Micro-sized Scissor, including **leak containment as standard**, making them ideal for work in data centers, hospitals, museums and more.

MICRO-SIZED SCISSOR FEATURES

- Access tight spaces with **fixed rails** that fit through doorways while experiencing exceptional maneuverability featuring a **zero turn radius** and **compact footprint**
- Protect delicate work surfaces with the **standard leak containment system** consisting of custom-fit trays to capture potential leaks.
- Maximize productivity and uptime **onboard technology** exclusive to JLG including **Variable Tilt** and **ClearSky Smart Fleet™**
- Optimize versatility with the ability to configure the machine with many **accessories and options** and more coming soon including an integrated mid-rail deck
