White Noise Alarms Available For Scissor Lifts

This unique multi-frequency back-up alarm emits a warning signal when the machine is in motion. The broadband alarm gives an urgent but friendly, “Shh...Shhh...Shhh...” sound.

Features and Benefits Include:

- Warning signal is more directional and perceived to dissipate quicker than a pure tone alarm
- Sealed for protection against dust, moisture and vibration
- Instantly locatable
- Ease of installation
- Manufacturer lifetime warranty
