

ELECTRIC SCISSOR LIFT ACCESSORIES

Maximize the Productivity of Your ES Scissor Lift

Now you can turn your JLG® ES Scissor Lift into a highly productive work tool with a selection of Workstation in the Sky® accessories. These accessories are designed to integrate the tools and supplies you use everyday directly into the platform to conserve space and provide freedom from ground-based equipment. You will save time and money with better organization, faster set-up and improved efficiency on the job.

FEATURES/BENEFITS:

- Custom packages for electricians, plumbers.
- Removable workstation accommodates a full range of power tools and components.
- Keeps tools organized and always within reach.
- More room to work.
- Factory approved accessories.

Workstation

Optimize your platform space by holding numerous tools all within arm's reach, and off the floor, eliminating a potential tripping hazard. Included is an 8x20 workbench. Plumber's package includes a 12v plug.

Electrician Tree

Speed up wire pulling and reduce friction associated with ground-based wire trees by having wires within an arm's reach.

Bench Vise

Used for clamping pipes to thread and cut, or hold other work materials. The vise is located at a height for comfort and ease.

Pipe Rack

Free up platform space and reduce trip hazards by storing pipe or conduit outside the platform. Storage outside of the platform prevents rail damage and optimizes available platform space.

NOTES:

- Workstation location can vary, so long as the location is always on the opposite side of the platform as the vise and/or the electrician's tree.
- Ensure all accessories are securely fastened at all times.
- Only two accessories may be used at one time on models: 1930ES, 2030ES, 2032ES, 2630ES, 2632ES, R1932, ES1932, R2632, and ES2632.
- Only models 2646ES, 3246ES, R2646, ES2646, R3246, ES3246, 4045R, and R4045 may be equipped with the vise.
- Outboard Pipe Racks are not available on the 1930ES, R1932, ES1932, R2632, ES2632, 4045R, or R4045 models.
