

DIRECT AIR FLOW ELEMENTS FILTERS

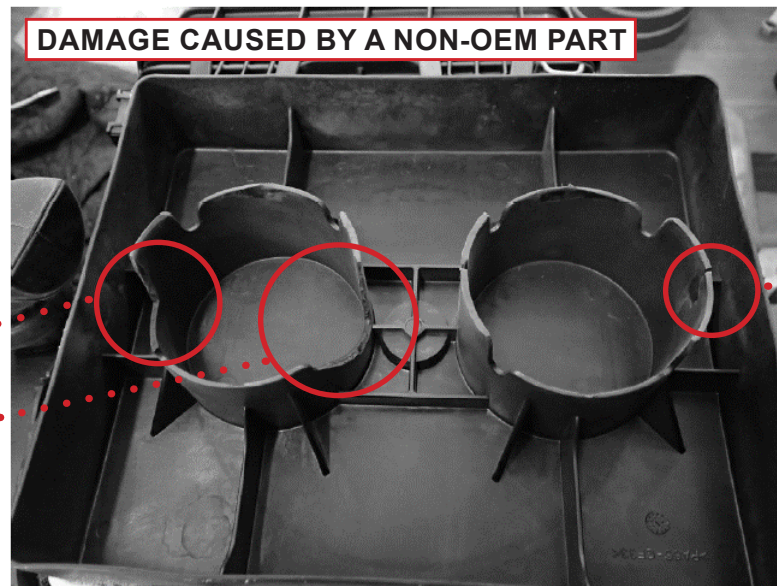

WHY USING OEM REPLACEMENT PARTS MATTERS

Using OEM replacement parts helps to ensure continued optimal performance and durability of your Tier 4 engine. OEM replacement parts are specifically developed for your Tier 4 engine requirements and help to prevent damage to filter housings.

MODEL	PART NUMBER
G6-42A / G9-43A / G10-43A	70024177
G6-42A / G9-43A / G10-43A / G10-55A / G12-55A / G15-44A	70024176
G10-55A / G12-55A / G15-44A	70024175

The use of non-OEM replacement parts can result in damage to your filter housing components and may reduce engine performance. In addition to producing observable housing damage, studies have shown reduced efficiency and endurance for non-OEM parts.

DAMAGE CAUSED BY A NON-OEM PART

Cracked tabs in the housing

Tabs completely broken off from housing
