

Side-Tilt Carriage

Adding to the versatility of the telehandler, the side-tilt carriage keeps the load level even when the terrain isn't. The carriage tilts loads from side-to-side to allow for uneven landing areas like a roof or sloped bank.

Features

- Side-to-side tilt on vertical plane
 - +/- 10 degrees on SkyTrak or Lull
 - +/- 10 degrees on JLG or Gradall
- Load or unload at any angle

Current Production - Side-Tilt Carriages

Available Through JLG Aftermarket Or With New Machine Orders
