

# LOCKABLE CONSOLE COVER

## ACCESSORIES

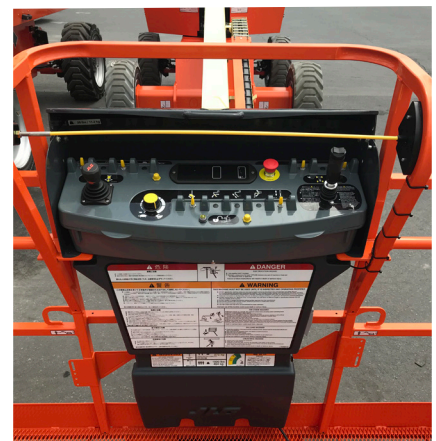

### INCREASED SECURITY TO PREVENT MACHINE THEFT

A lockable platform console cover enhances protection of boom lifts while stored unattended on the job site or on an equipment lot. This lockable cover kit replaces the standard steel non-lockable console cover and helps prevent vandalism to the platform control console.

#### Features and Benefits Include:

- Direct replacement for existing non-lockable steel console cover
- Fits existing platform consoles without additional drilling
- Works with standard, off-the-shelf padlocks
- Does not inhibit operator during machine operation
