

TURF & SAND TIRES

TIRES

MOVE WITH EASE ON BOTH TURF AND SAND

Turf and sand tires are available for many of our MEWP models including boom lifts and scissors. With a lower impact per square inch, they are designed for turf or compressed sand environments and provide excellent traction and floatation, with minimal ground disturbance.

Features and Benefits Include:

- Low impact with minimal ground disturbance
- Superior wear
- Excellent floatation
- Increased stability and traction
