

# PLATFORM FLOOR MATS

## ACCESSORIES

### PLATFORM FLOOR MATS AVAILABLE NOW

Reduce operator fatigue by providing a padded platform mat. Mat helps elevate operator fatigue by providing padded flooring on top of the metal platform floor. Installation does not require modification to the existing platform floor.

#### Features and Benefits:

- Permits visibility below platform
- Reduces fatigue on operator
- Weather resistant
- Mounts using minimal hardware (included with kit)

#### Notes:

- This weight of this accessory to be considered as part of overall platform capacity. Refer to table below for further information.
- Not intended for use with "hot work" (ex. Welding, burning, etc.)
