

BOOM PIPE RACKS

ACCESSORIES

CONSERVE SPACE AND CREATE A SAFE ENVIRONMENT

Maximize platform space and reduce trip hazards by storing the materials on the outside of the platform. Increase productivity by allowing more materials to be carried to the work area. JLG® designed and approved pipe racks help keep your tools and materials organized and within reach.

An ideal accessory for plumbing, electrical and sprinkler contractors, the pipe racks provide the following features and benefits:

- Easily installs with the use of clamps
- Neatly stores material during transport
- Reduces worker fatigue from constant bending by storing work materials at waist level
- Removable when not in use
- Preserves platform rails when workers use racks to hold and position materials instead of the rails

JLG Models	Type	Capacity	Item Number
60H/60H+6/70H, 60HA, 80H/80HX/80HX+6/86HX, 100/110HX, 120HX	Rack	180 lbs.	0258918
