

PIPE GRAPPLE

TELEHANDLER ATTACHMENTS

Optimize the use of your Telehandler with the JLG Pipe Grapple. The Pipe Grapple handles various pipe diameters and configurations. The arms fold down on the pipe/poles to secure and prevent the load from rolling off or tipping sideways. The arm design offers the most versatility for handling various diameters and lengths. When idle, the arm assembly pivots to the full vertical position so the truck can be utilized for typical loads.

FEATURES

- Can handle long pipe or pole material efficiently
- Help to stabilize a load of long pipes or poles
- Specially designed clamping arms mounted on top of carriage

SPECIFICATIONS

- 72 in. carriage
- 48 in. Forks (ITA - hook mounted)
- 2 in. to 30 in. Pipe Diameter
- 96 in. Carriage
- 48" ITA Forks

CURRENT PRODUCTION - Available through new machine orders or Aftermarket
