

JLG is now offering Diagnostic Interface for Deutz Engines

At JLG® our goal is to help make your work easier. We offer a full line of tools to help increase your productivity. The factory approved tools offered by JLG will help get your equipment back on the job site quicker. We offer a long list of electrical, hydraulic, drive train, and shop tools to help keep your equipment running. New diagnostic software is required for the latest engine technology. JLG is now offering Decom Interface that will assist with diagnosis on Deutz engines.

FEATURES/BENEFITS:

- Kit includes the interface and the software license
- Software downloads available from Serdia.deutz.com
- ECU software programming changes
- Display measurements
- Component test
- Read /write parameters
- Level controlled access

PART NUMBER: DTZ02937571

HOW TO ORDER:
